INDEPENDENT AUDITORS' REPORT

Board of Directors
St. Agnes Foundation, Inc.
Baltimore, Maryland

We have audited the accompanying financial statements of St. Agnes Foundation, Inc. (the Foundation), which comprise the statements of financial position as of June 30, 2014 and 2013, and the related statements of activities and changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of June 30, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

ST. AGNES FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS
June 30, 2014 and 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The St. Agnes Foundation, Inc. (the Foundation) is a not-for-profit, nonstock corporation established to solicit, receive, hold, invest, and reinvest gifts and bequests, which are made primarily for the benefit of St. Agnes Health Care (SAHC), including the surrounding communities, in support of SAHC's health-related activities. The Foundation and SAHC are members of Ascension Health, a Catholic, national, multi-unit, not-for-profit corporation. The members of the Foundation Board of Directors are appointed by SAHC. Significant accounting policies followed by the Foundation are presented below.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Foundation considers all highly liquid investments with a maturity date of three months or less when purchased to be cash equivalents, and they are carried at cost, which approximates fair value.

Pledges Receivable

Unconditional promises to give cash and other assets are reported at fair value as pledges receivable at the date the promise is received. Long-term pledges are discounted to net present value, less a provision for pledges considered uncollectible or adjustments, which arise as a result of management review.

Restricted Pledges Receivable

Certain pledges receivable are classified as restricted based on grantor or donor restrictions of their use.

Investments

Investments (including restricted investments) are comprised of United States government obligations and equity investments and are carried at fair market value as of the date of the statements of financial position. Changes in fair market value are recognized in the period in which the change occurs in the statements of activities and changes in net assets. Investment income and losses on investments of temporarily restricted assets are added to the appropriate temporarily restricted net assets when restricted as to use by the donor.

The Foundation periodically evaluates whether any declines in the fair market value of investments are other than temporary. Declines in fair market value below cost that are deemed to be other than temporary are recorded as realized losses and are included in "other than temporary impairment of investments" in the accompanying statements of activities and changes in net assets.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equipment

Equipment is recorded at cost. The Foundation capitalizes all items over \$10,000 that have a useful life greater than one year. Depreciation is computed utilizing the straight-line method over useful lives of three to five years.

Net Assets

Unrestricted Net Assets

The Foundation reports contributions received without explicit donor restrictions as unrestricted.

Temporarily Restricted Net Assets

The Foundation reports gifts of cash or other assets as temporarily restricted support if the contributions are received with donor stipulations that limit the use of the assets to a particular purpose or designate an affiliated entity as the ultimate beneficiary. The investment income generated from these funds is generally restricted. Any temporary restricted resource that is received and used during the same year is considered an unrestricted resource and is reported as unrestricted support and expense.

Permanently Restricted Net Assets

The Foundation reports gifts of cash and other assets as permanently restricted support if contributions are received with donor-imposed restrictions that stipulate that the resources be maintained in perpetuity. The investment income generated from these funds is temporarily restricted until the funds are used as set forth in the endowment agreement.

Income Taxes

The Internal Revenue Service (IRS) has ruled that the Foundation qualifies under Section 501(c)(3) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under current income tax regulations. The Foundation is not a private foundation.

During 2006, the Foundation began a \$25 million capital campaign. This campaign is to provide resources for the expansion and redevelopment of SAHC. Of the \$2,137,775 gross pledges receivable outstanding at June 30, 2014, \$1,835,243 relates to capital campaign pledges. Of the \$2,857,434 gross pledges receivable outstanding at June 30, 2013, \$2,450,215 relates to capital campaign pledges.

Pledges receivables have been discounted using rates ranging between 1.63% and 7.41% for the year ended June 30, 2014 and between 2.39% and 6.25% for the year ended June 30, 2013.

NOTE 4 – FAIR VALUE OF FINANCIAL INSTRUMENTS

ACS 820-10-35-37 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

ST. AGNES FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS
June 30, 2014 and 2013

NOTE 4 – FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the assets or liabilities.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2014 and 2013.

Investment in Corporate Stock and Mutual Funds

Corporate stocks and mutual funds listed or traded on a national market or exchange are valued at the last sales prices, or if there is no sale and the market is still considered active, at the mean of the last bid and asked prices on such exchange. Such securities are classified within Level 1 of the valuation hierarchy.

Investment in Asset Backed Securities

Asset backed securities are generally valued at the most recent bid price of the equivalent quoted yield for such securities (or those of comparable maturity, quality, and type). The Foundation's investments in asset backed securities consist of U.S. Federal Agency Bonds. Such securities are generally classified within Level 2 of the valuation hierarchy.

Investment in U.S. Treasury Securities

U.S. Treasury securities, such as bills, notes, bonds and TIPS, are valued at the most recent price of the equivalent quoted yield for such securities, or those of comparable maturity, quality and type. Such securities are generally classified within Level 2 of the valuation hierarchy.

NOTE 4 – FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

Investment in State and Municipal Securities

State and Municipal securities are generally valued at the most recent bid price of the equivalent quoted yield for such securities (or those of comparable maturity, quality, and type). The Foundation's investments in state and municipal securities consist of municipal bonds. Such securities are generally classified within Level 2 of the valuation hierarchy.

Investment in Corporate Obligations

Debt securities are generally valued at the most recent bid price of the equivalent quoted yield for such securities (or those of comparable maturity, quality, and type). The Foundation's investments in debt securities consist of FDIC backed bonds and corporate bonds. Such securities are generally classified within Level 2 of the valuation hierarchy.

The following table presents the Foundation's financial instruments measured at fair value by classification within the fair value hierarchy as of June 30, 2014:

NOTE 5 – ENDOWMENTS

Temporarily and Permanently Restricted Endowments

The Foundation's endowments consist of approximately \$3 million of funds established for a variety of purposes. These endowments consist of donor-restricted endowment funds. Net assets associated with endowment funds are classified and reported based on donor-imposed restrictions.

The Foundation's Board of Directors has interpreted the Maryland Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and, if applicable (c) accumulations to the permanent endowment made in accordance with the related gift's donor instructions. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard for expenditure as prescribed by Maryland UPMIFA. In accordance with Maryland UPMIFA, the Foundation considers the following factors in making determinations to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the Foundation and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Foundation
- (7) The investment policies of the Foundation

Endowment Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or Maryland UPMIFA requires the Foundation to retain as a fund of perpetual duration. In accordance with generally accepted accounting principles, deficiencies of this nature are reported in unrestricted net assets. As of June 30, 2014, the Foundation did not have any endowment funds with deficiencies.

Return Objectives and Risk Parameters

The Foundation's Board of Directors has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowments while seeking to maintain the purchasing power of the endowment assets. Additionally, the Foundation is committed to investing in socially responsible companies. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for a donor-specified period as well as amounts set aside by the Board of Directors to function as endowments. Under these policies, endowment assets are invested in a manner that is intended to provide long-term growth, interest and dividends. Actual results are compared quarterly to a mix of benchmark indices, such as the Russell 3000 and the S&P 500 indices, to ensure a competitive return on investment.

ST. AGNES FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS
June 30, 2014 and 2013

NOTE 5 – ENDOWMENTS (CONTINUED)

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The spending policy for each endowment is based upon the donor-specified terms. The Harry and Jeannette Weinberg endowment allows distributions of up to 5% of the average fund principal during the preceding year. In any fiscal year in which the Foundation chooses not to distribute some or all of the distributable amount for that fiscal year, the Foundation is permitted to accumulate and carry-forward the undistributed amounts. Earnings of the fund in excess of amounts distributable shall be retained and added to principal for purposes of preserving and/or enhancing the purchasing power of future permitted distributions. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets.

All income or losses related to the Infinity endowment are classified as unrestricted and used to offset the operating expenses of the Foundation.

NOTE 7 – RELATED PARTY TRANSACTIONS

SAHC provides certain administrative and accounting services to the Foundation. The Foundation reimburses SAHC for the actual cost of services provided. For the fiscal years ended June 30, 2014 and 2013, these services totaled \$45,000 per year, and are recorded as management and general expenses on the statements of activities and changes in net assets. At June 30, 2014 and 2013, the Foundation has recorded liabilities of \$189,451 and \$89,643, respectively, related to these services as well as other reimbursable salary and benefit costs of Foundation employees paid by SAHC on behalf of the Foundation. A significant portion of this amount payable is due to Ascension Health which began processing the Foundation's expenses beginning in 2014. Amounts due to SAHC are non interest-bearing and have no set repayment terms.

At June 30, 2014 and 2013, the Foundation held \$2,372,577 and \$2,955,022, respectively, which is designated by the donors to benefit SAHC. These designated funds will be released as contributions are made from the Foundation to SAHC.

NOTE 10 – RISKS AND UNCERTAINTIES

The Foundation invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of financial position.

NOTE 11 – INCOME TAXES

The Foundation adopted the provisions of FASB Interpretation No. 48 (FIN 48), *Accounting for Uncertainty in Income Taxes* (FASB ASC 740-10), on July 1, 2009. Management has determined that the Foundation has no material uncertain tax positions that would require recognition under FIN 48. The federal and state income tax returns of the Foundation for 2013, 2012 and 2011 are subject to examination by the IRS and state taxing authorities, generally for three years after they were filed.

NOTE 12 – SUBSEQUENT EVENTS

Management evaluated subsequent events through November 19, 2014, the date the financial statements were available to be issued. Events or transactions occurring after June 30, 2014, but prior to November 19, 2014, that provided additional evidence about conditions that existed at June 30, 2014, have been recognized in the financial statements for the year ended June 30, 2014. Events or transactions that provided evidence about conditions that did not exist at June 30, 2014, but arose before the financial statements were available to be issued have not been recognized in the financial statements for the year ended June 30, 2014.
